\$17.00

A*

\$26.00

Creamy white with a hint of yellow, purple eyelashes.

Iris pseudodata 'Cascadian Snow'

\$17.00

A*

\$26.00

Buttercream yellow with a touch of lavender up to 40" tall thick with flowers in the spring.

Iris pseudodata 'Dragon Gate'
(Ryumon)

\$17.00

A*

\$26.00

Lavender flowers with strong veining soften in color lightly the second day.

Iris pseudodata 'Himebotaru'

\$17.00

A*

\$26.00

More white than cream or yellow. Very vigorous and an excellent bloomer.

Iris pseudodata 'Old Castle' (Furui Shiro)

\$17.00

A*

\$26.00

Yellow with abundant maroon-red veining. Eyelashes are wide and vibrant.

Iris pseudodata 'Purple Dragon's Valley' (Shiryukyo)

\$17.00

A*

\$26.00

Lemon yellow eyes with dark purple eyelashes. Soft purple petals on a towering plant 50+ inches tall.

Iris pseudodata 'Violet Swallows'

\$17.00

A*

\$26.00

One of the first bloomers. Medium dense plants with abundant flowering. Rusty yellow flowers; wine-purple veining.

	Iris versicolor, Blue Flag Iris	\$11.00	A*	\$16.00		Native blue flag iris is a staple in the garden pond. compact and well behaved and blooms well in light shade.
	Iris versicolor 'Dark Aura'	\$18.00	L	\$26.00		Dark purple, almost black leaves emerge in spring and gradually green as flowering begins
	Iris versicolor 'Gerald Darby'	\$16.00	A*	\$22.00		Mixed green and purple leaves turn green in late spring
	Mentha aquatica, Water Mint	\$10.00	A	\$13.00	A	Truth be told I grow this to add to my water. It is the best tasting of all the mints.
	Menyanthes trifoliata, Bog Bean	\$10.00	A	\$18.00		A low creeping groundcover that frogs love, excellent behavior, not weedy, exceptional reflections and an early riser in the spring.
	Myosotis scorpioides, Water Forget-Me-Not	\$11.00	A	\$16.00		A personal favorite for tucking into streams and waterfalls. The shallow roots trap sediments that are easily removed through pruning.
	Myriophyllum aquaticum, Parrot Feather	\$10.00	A*	\$13.00		An especially valuable plant for quick cover and shade in new ponds or as an overflow groundcover in containers with shallow water plants. never recommended for use in earth bottom ponds.
	Orontium aquaticum, Golden Club	\$16.00	A*	\$22.00		An exceptional plant, slow to get started; definitely worth the wait. Low maintenance and carefree. Spring bloomer. Top favorite! zones 5-10
	Peltandra virginica, Arrow Arum	\$12.00	A*	\$18.00		stately in a container. glossy arrowhead shaped leaves form dense, bold clumps. native.
	Peltandra virginica 'Purplicious', Purplicious Arrow Arum	\$18.00	A*	\$26.00	A	Dark purple stems grace this regal beauty. Peltandra is an all around great plant. This one is even better. Will grow in moist soil to 6-10" deep at maturity. zones 5-9
	Pontederia cordata, Pickerel Rush	\$11.00	A*	\$16.00		pickerel rush is a staple in the water garden. glossy arrowhead shaped foliage and lavender blooms all summer. native.

Sagittaria latifolia, Arrowhead	\$11.00	A*	\$16.00		a tuber producer that naturalizes easily along the earth bottom shoreline. white flowers with yellow centers. native.
---------------------------------	---------	----	---------	--	---

Sarracenia, assorted	\$24.00	A	\$65.00	A	carnivorous plants have highly variable foliage colors, distinctly unique flowers and feed themselves. easy to grow requiring little care. don't let them dry out, rain/pond water only, no fertilizer, crown above the water.
----------------------	---------	---	---------	---	--

Saururus cernuus, Lizard Tail	\$11.00	A*	\$16.00		a true aquatic that tolerates dry conditions once established. unique flowers seeds resemble a lizard tail. can be aggressive. native.
-------------------------------	---------	----	---------	--	--

Scirpus validus, Soft-Stemmed Bulrush	\$11.00	A*	\$16.00		graceful height at the ponds edge. more mild mannered than other bulrushes.
---------------------------------------	---------	----	---------	--	---

Thalia dealbata	\$12.00		\$18.00	A*	Bold foliage with specimen character. 4-6' tall, clump habited, North American Native.
-----------------	---------	--	---------	----	--

Thalia dealbata 'Blue Chip'	\$12.00		\$18.00	A*	Identical to its larger counterpart but with a smaller stature and increased blooming.
-----------------------------	---------	--	---------	----	--

Zephyranthes candida, Rain Lily	\$11.00	A*	\$18.00		Rain Lily is well known for the abundant bright white blossoms that emerge late summer when most other plants are beginning to look tired. A breath of fresh air.
---------------------------------	---------	----	---------	--	---

lily-like aquatics	bare root		4" peat pot		
Aponogeton distachyus, Water Hawthorne	\$12.00		\$18.00		winter flowering whenever the water isn't frozen, excellent to share a pot with waterlily

floating plants	bare root		25+		prohibited to some states. -clean, uniform and free of pests and disease.
Eichhornia crassipes, Water Hyacinth	\$4.00	A	\$3.00	A	Premium quality, free from pests and disease.

Pistia stratoides, Water Lettuce	\$4.00	A	\$3.00	A	Light green lettuce-like foliage floats on the waters surface. Performs best in moving water and light shade.
Pistia spp., Dwarf Water Lettuce	\$4.00	A	\$3.00	A	A dwarf form, 1-3" across. Excellent for small water gardens and aquariums.
Utricularia spp., Bladderwort	\$4.00	A	\$3.00	A	Hundreds of tiny trap door bladders along the stems of this floating carnivorous plant consume mosquito and fly larvae. Tiny and bright yellow flowers appear on hair-like stems above water level.
